

Full Network Meeting

18-20 April 2011, Hotel Grand Dimyat, Varna, Bulgaria

Day 1

Date: 19 April 2010

Time: 9:00 – 17:00

Venue: Hotel Grand Dimyat, Varna, Bulgaria

Agenda

- | | | |
|---------------|---|---------------------------------------|
| 9:00 – 9:30 | Registration and coffee | |
| 9:30 – 9:45 | Welcome/ Housekeeping | <i>Helen Glaves (Coordinator BGS)</i> |
| 9:45 – 10:00 | Introduction - all participants | |
| 10:00 – 10:30 | WP1 Project Management reporting | |
| | <ul style="list-style-type: none">• Deliverable D1.2b: 6-Monthly Progress Report 2• Upcoming Deliverable D1.4b: Annual Report 2 including financial reporting (planning of reporting and explanation of cost statements) | <i>Helen Glaves (Coordinator BGS)</i> |
| 10:30 – 11:00 | WP2 Infrastructure Management and Monitoring | |
| | <ul style="list-style-type: none">• Deliverable D2.3: Operational monitoring system | <i>Dick Schaap (MARIS)</i> |
| 11:00 – 11:30 | Coffee break | |

- 11:30 – 12:30 WP4: Development of content standards, profiles, common transport and services protocols
- Introduction
Dick Schaap (MARIS)
 - Deliverable D4.4: Data format for geological data
Sytze van Heteren (TNO)
 - Metadata format for geophysical data - status of follow-up
Dick M.A. Schaap (Technical Coordinator (MARIS))
 - Synergy with GeoSciML, One-Geology-Europe and EMODNET Geology by
*Dick M.A. Schaap (Technical Coordinator MARIS)/
Helen Graves (BGS)*
- 12:30 – 13:30 *Lunch break*
- 13:30 – 14:00 WP6: Communication – dissemination – promotion – data policy
Lyubomir Dimitrov (IO-BAS)
- Concertation activities and conferences
Helen Graves (BGS)
- 14:00 – 14:30 WP8: Development of software tools and services
Dick M.A. Schaap (Technical Coordinator MARIS)
- Deliverable D8.1: Upgraded MIKADO and NEMO software tools
Eric Moussat (IFREMER)
 - Deliverable D8.2: Geo-Seas website and CDI portal
Dick M.A. Schaap (MARIS)
- 14:30 – 15:30 Progress on WP5: Population and maintenance of metadata directories AND WP9: Installation of Geo-Seas tools
- 14:30 – 14:45
- Short intro on WP5 objectives
Gabri Carrara (LNEG)
 - Short intro on WP9 objectives
Eric Moussat (IFREMER)

All partners acting as Geo-Seas data centres are requested to make a 10 minute presentation on their current progress with population activities (WP5) and installation of the Geo-Seas tools (WP9) including 5 minutes questions/discussion

14:45 – 15:00 NERC – BGS, BODC, NOC

15:00 – 15:15 IFREMER

15:15 – 15:30 SHOM

15:30 – 16:00 Coffee break

16:00 – 16:15 TNO

16:15 – 16:30 BRGM

16:30 – 16:45 MUMM

16:45 – 17:00 BSH

17:00 End of Day 1

Day 2

Date: 20 April 2011

Time: 9:00 – 17:00

Venue: Hotel Grand Dimyat, Varna, Bulgaria

Agenda

09:00 – 10:30 Progress of population activities and installation of Geo-Seas tools
Coordinated by Gabriela Carrara (LNEG) and Eric Moussat (IFREMER)

All partners acting as Geo-Seas data centres are requested to make a 10 minute presentation on their current progress with population activities (WP5) and installation of the Geo-Seas tools (WP9) including 5 minutes questions/discussion

<i>09:00 – 09:15</i>	<i>LNEG</i>
<i>09:15 – 09:30</i>	<i>LU</i>
<i>09:30 – 09:45</i>	<i>GSI</i>
<i>09:45 – 10:00</i>	<i>BGR</i>
<i>10:00 – 10:15</i>	<i>OGS</i>
<i>10:15 – 10:30</i>	<i>GEUS</i>

10:30 – 11:00 *Coffee*

11:00 – 12:30 Population activities and installation of Geo-Seas tools: progress
 (continued)

All partners

<i>11:00 – 11:15</i>	<i>NGU</i>
<i>11:15 – 11:30</i>	<i>PGI</i>
<i>11:30 – 11:45</i>	<i>EGK</i>
<i>11:45 – 12:00</i>	<i>LIGG</i>
<i>12:00 – 12:15</i>	<i>IO-BAS</i>
<i>12:15 – 12:30</i>	<i>UCC</i>

12.30 – 13.30 *Lunch*

- 13.30 – 14:15 Population activities and installation of Geo-Seas tools: progress
(continued) *All partners*
- 13:30 – 13:45 *CNRS, incl UB and NOA (SEISCANEX Partners)*
13:45 – 14:00 *IGME (Spain)*
14:00 – 14:15 *IGME (Greece)*
- 14:15 – 15:00 WP10: User consultation and development of standard data products by
- Deliverable D10.1: Report on user consultation
Peter Davis (EU-Consult)
 - Deliverable D10.2 Viewing services for seabed maps and geological logs (including demonstration of 'Porcupine' a prototype borehole viewer in development at BGS)
Sytze van Heteren (TNO)/ Helen Glaves (BGS)
 - Deliverable D10.5: Standards for seabed habitat mapping
Vera van Lanker (MUMM)
- 15:00 – 15:20 *Coffee*
- 15:20 – 16:00 WP11: Exploration and prototyping of more complex data products
Gerry Sutton (UCC)
- 16:00 – 16:30 Advisory Board - members feedback
- 16:30 – 17:00 Round up of actions. Date/venue for next meeting
Helen Glaves (Coordinator BGS)
- 17:00 *Closure of Geo-Seas Full Network meeting*
- 19:30 *Dinner at Staro Selo restaurant, Varna*
